INSIDE INFORMATION POSITIVE PROFIT ALERT

This announcement is made by Metropolis Capital Holdings Limited (the “**Company**”, and together with its subsidiaries, the “**Group**”) pursuant to Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) and Rule 17.10 of the Rules (the “**GEM Listing Rules**”) Governing the Listing of Securities on GEM of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”).

The board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on the unaudited consolidated management accounts of the Group for the six months ended 30 June 2023 (the “**Reporting Period**”) and the information currently available to the Board, the Group is expected to record a profit before tax of approximately RMB10.8 million for the Reporting Period, representing an increase of approximately 5,279.1% from a profit before tax of approximately RMB0.2 million for the six months ended 30 June 2022 (the “**Corresponding Period**”). The increase was primarily attributable to (i) the change from recognition of loss allowances on finance lease receivables and receivables arising from sale and leaseback arrangements (collectively, the “**Lease Receivables**”) for the Corresponding Period to reversal of loss allowances on the Lease Receivables for the Reporting Period; (ii) decrease in recognition of loss allowances on factoring receivables for the Reporting Period compared with that for the Corresponding Period; and (iii) decrease in finance costs due to the decrease in interests on bank and other borrowings as the balance of bank and other borrowings decreased significantly, which is partially off-set by an increase in staff costs and other operating expenses and a decrease in revenue in aggregate.

During the Reporting Period, the Group reversed loss allowances on the Lease Receivables of approximately RMB11.9 million, while there was a recognition of loss allowances on the Lease Receivables of approximately RMB6.6 million for the Corresponding Period. The reversal of loss allowances was mainly attributable to the reduction on risk of default of Lease Receivables customers due to collection of outstanding balances from leasing customers. The Group also recognised loss allowances on the factoring receivables of

approximately RMB0.9 million, as compared to approximately RMB2.4 million for the Corresponding Period. The decrease of recognition of loss allowances on factoring receivables was due to decrease in risk of default of factoring receivables customers for the Reporting Period compared with that for the Corresponding Period.

The Company is still in the process of finalising the unaudited consolidated results of the Group for the Reporting Period. The information contained in this announcement is based on the Board's preliminary assessment of the Company's latest unaudited consolidated management accounts for the Reporting Period, which are subject to adjustments and finalisation and have not been reviewed by the Company's auditors. The Shareholders and potential investors should refer to the interim results announcement of the Company for the Reporting Period, which is expected to be published in mid August 2023, for details of the performance of the Group.

The Shareholders and potential investors are advised to exercise caution when dealing in the shares of the Company.
